THE BEIJING STORY

BAIC has, over the last 60 years, revolutionised the motor industry in China to become the 5th largest automobile manufacturer in China, offering the largest commercial vehicle range and holding a leading position in the new energy vehicle market.

The Beijing range itself leads the way in the SUV market and has become the prototypical off-road vehicle in China. Innovation, design and technology are the cornerstones of the Beijing brand and this has successfully been achieved in collaboration with Daimler through the 'Beijing Benz' joint venture.

Beijing has always been committed to the spirit of ingenuity to create the most powerful, quality vehicles in the off-road and SUV markets. The new **Beijing X55** excels in its styling, power, technology-rich specifications, safety and comfort.

HUMAN-CENTRED COMFORT

A close-up photograph of a car's interior, focusing on the front passenger seat. The seat is upholstered in a rich, reddish-brown leather with visible stitching. A blue seatbelt is buckled across the seat. The background is slightly blurred, showing the car's dashboard and other interior components. The overall lighting is warm and soft, highlighting the texture of the leather.
